Webinar:

The poster features a light blue background with a pattern of pink and white bubbles. At the top left is the college logo, and at the top right is the 23-year anniversary logo. The text is arranged in a clean, modern layout. A pink diamond shape contains the text 'A Webinar on'. The main title 'BIOTECH' is in large, bold, red letters, with the subtitle 'The Future of Biologist Assured' in smaller black text. Below this, the resource person's name and affiliation are listed. A circular inset shows a portrait of Prof. M. Anbalagan. The date 'On 30th July 2021' is highlighted in a pink rounded square. At the bottom, the registration link is provided.

The Department of Bioscience-Biotechnology had conducted a webinar on 30th July 2021 on the topic "Biotech the Future of Biologist Assured". We invited the Resource person Prof. M. Anbalagan, from the Department of Bioscience and technology, VIT. He took the seminar to the next level with his knowledge and experience over the field. This session paved the way for the budding scientist to bring their interest over the current SPARKLING field Biotechnology.

VENUE SAS - 202

With the generous support of Director cum Principal and Dean SAS we the Department of Bioscience and Food science conducted "Health camp" for the faculties and non-teaching staffs of School of Arts and Science, SMVEC. The camp was held on 06th Dec'2021 with the immense effort and interest put forward by the young and energetic students of both the departments and faculties. This camp helped in accessing the health parameters and also provided solutions for their health issues.

Students are actively involved in the Blood pressure measurement for the faculties.

Students checked the waist circumference to evaluate their anthropometric parameter.

Students checked HOW SWEET! they are (“Blood Glucose” level of the faculties).

A Hands on Workshop was organized by the Department of Bioscience- Biotechnology for students of Biotechnology, Physics and Chemistry in the recent advancement microscopy “FOLDSCOPE”. This was provided by the resource person Dr.Arun nagalingam, Scientist, DST, New Delhi and Mr.S.Rajkumar, TGT, State training center. Students were encouraged and ignited with research and development skills.

Hands on training to the students for focusing the onion cells using the FOLDSCOPE (microscope) were given.

Industrial Visit Organised by Department of Bioscience

Aranya Forest: The students of Biotechnology and Nutrition and Dietetics were taken to the man-made Aranya forest for Field Trip as the part of Environmental Science curriculum. They were shown with live examples and interesting facts. Students enjoyed the trip as well as learnt practically.

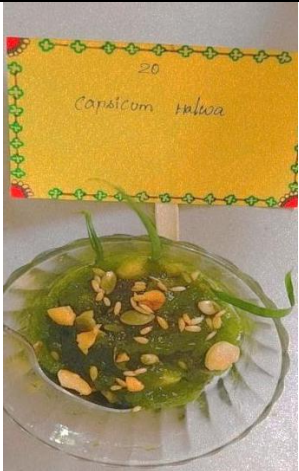

Institutional Visit

The Students of Biotechnology were taken to Pondicherry University to the Central Laboratory facility and had an exposure to the various research work taking place.
